Answer the following questions 1 - 7 based on the declaration scope indicated above

1) Is any 3TG intentionally added or used in the product(s) or in the production process? (*)

| | Answer | Comments |
|----------|--------|--|
| Tantalum | No | Based on our 2016 assessment process, we have no reason to believe that metals derived from minerals defined as "Conflict Minerals" from the DRC covered countries are necessary to the functionality or production of the products at our manufacturing facility or that they did not come from recycled or scrap sources. We are currently in the process of evaluating our 2017 supply chain, and we will file the results of our assessment with the SEC on or before the May 31, 2018 filing deadline. Nucor's Form SD on our 2016 "Conflict Minerals" assessment process is available without charge through Nucor's website, www.nucor.com/investor/. |
